

Dear Community Sponsor:

Owatonna's golf program is thriving! Thanks to your support, we have completed the first phase of building out the new indoor high school golf facility. It's already proving to be a valuable asset to the OHS teams with several practices being held there this season.

Your support also benefits over 100 individual golfers each season. We would like to congratulate one of those individuals, Carmen Jirele, who won the MN Class 3A 2024 State Championship!

OGBC's mission is to support youth golf at all levels and one of our main goals of fundraising is to make golf affordable for all players. Now that players and coaches have spent some time in the new facility, we would like to continue outfitting the space and making some improvements. We will also continue to host the Owatonna Junior City Open and support the Owatonna junior golf camps.

We sincerely appreciate your continued support and look forward to another successful golf season. If you have any questions, please email us at Owatonnagolf@gmail.com.
